About Vonos Auto Engineering

- Vonos Auto Engineering Nigeria is a premier auto care provider committed to delivering unparalleled services that rival the best in the world. With a steadfast dedication to excellence, we take pride in offering top-notch auto care and repair services. Our ultimate goal is to ensure that our clients' automobiles receive the highest level of care, enabling extended usage and optimal efficiency.
- In the dynamic landscape of the Nigerian automotive industry, Vonos Auto Engineering plays a vital role in driving growth and development. As a subsidiary of Vonos Motors Limited, an established entity operating since 2016, we have built a strong foundation of expertise and reliability. Vonos Auto Engineering is a registered indigenous private limited liability company under the provisions of the Company and Allied Matters Act 1990, with RC No 1346060. Our primary focus is on auto sales, auto repairs, fleet maintenance, and other auto-related services in Nigeria.
- At Vonos Auto Engineering, our core mission is to bridge the gap between car owners and effective auto maintenance. We understand the importance of providing comprehensive solutions that go beyond mere repairs, ensuring that our clients' vehicles receive the utmost care and attention they deserve. By employing a team of highly skilled engineers and technicians and utilizing state-of-the-art equipments, we deliver world-class services that meet the highest standards.
- Additionally, we are passionate about nurturing talent and providing opportunities for fresh engineering graduates to pursue rewarding careers in the automotive industry.

VONOS!... solving problems from the root cause.

Mission Statement

Vonos Auto Engineering is committed to ensuring that vehicle owners and users are guaranteed a complete peace of mind through diligent and committed services via diagnosing from root cause of problems and fixing with appropriate tools.

Vision Statement

Our vision is to become the most trusted and sought-after automotive and fleet service center in Abuja. We strive to deliver maximum satisfaction to all our customers, establishing mutually beneficial and long-lasting relationships. By consistently meeting and exceeding expectations, we aim to create a win-win scenario for our clients and our company.

VONOS!... solving problems from the root cause.

Service Capabilities

- We are a large, well-organized automotive shop with a good number of service bays to provide faster service.
- We perform all mechanical and electrical services for vehicles.
- We service vehicles ranging from passenger cars, light-duty trucks up to one ton, and some medium-duty.
- We specialize in highly technical challenges.
- Our workshop tools and equipment were imported from the best Auto companies in Europe, Asia and US (Standard automobile garage equipment for a modern garage).

VONOS!... solving problems from the root cause.

Our Services

- 🔧 **Marketing Service and After Sale Service:** This aspect of our business is based on attitude. All service organizations have the capability of performing outstanding services and after sale services. The question is, how prepared they are to perform these services at all hours under trying circumstances. On this count, Vonos Auto Engineering is proud to announce its preparedness to assist our most valued clients under any circumstances.
- 🔧 **Delivery:** Vonos Auto engineering specializes in high quality major and minor services with a quick turnaround. We will agree with us that; the less time you have to be without your car, the better! Vonos Auto engineering offers a free delivery and collection service.
- 🔧 **Pricing.** Prices are based on a principle of professional value for money. Vonos Auto Engineering is not in the game of discounted patch repair jobs. It is either we do it professionally or we don't do it at all.
- 🔧 **Complimentary Service:** We offer an online appointment request form that is available 24 hours a day. Our night drop box service allows you to drop of your car anytime our shop is closed too.
- 🔧 **Mechanical Aid:** Mechanical aid is made to operate on the same principles as medical aid. We have identified that servicing and/or repairing one's vehicle usually comes as an unexpected expenditure. It is not something that one usually accounts for. We have understood this and have come up with ways to assist our customers in making sure that they can afford to keep their cars on the road and in a safe operating condition. This is a situation whereby customers pay a monthly premium for the service and repair requirements for their vehicle specifically.

Our Services

WARRANTY POLICY: We pride our self in having a warranty policy that covers a number of our products and services, stemming from our assurance to op notch quality for all our customers, faults that persist after a visit to our workshop are not treated with an isolated cost, but covered as part of our warranty to our loyal customers making sure to tackle the issue until the customer is satisfied.

DOUBLE CHECKS: Our team of technicians are not in the trade of hurry jobs, we meticulously check our jobs to make sure that we leave no screw loose, making sure that our customers are not victims of careless and imprudent behavior.

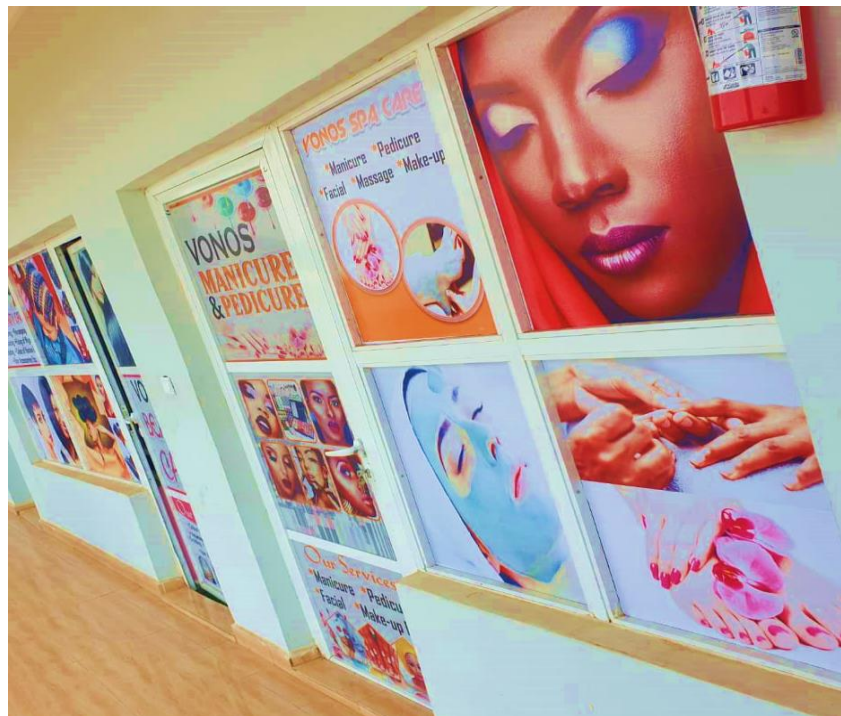

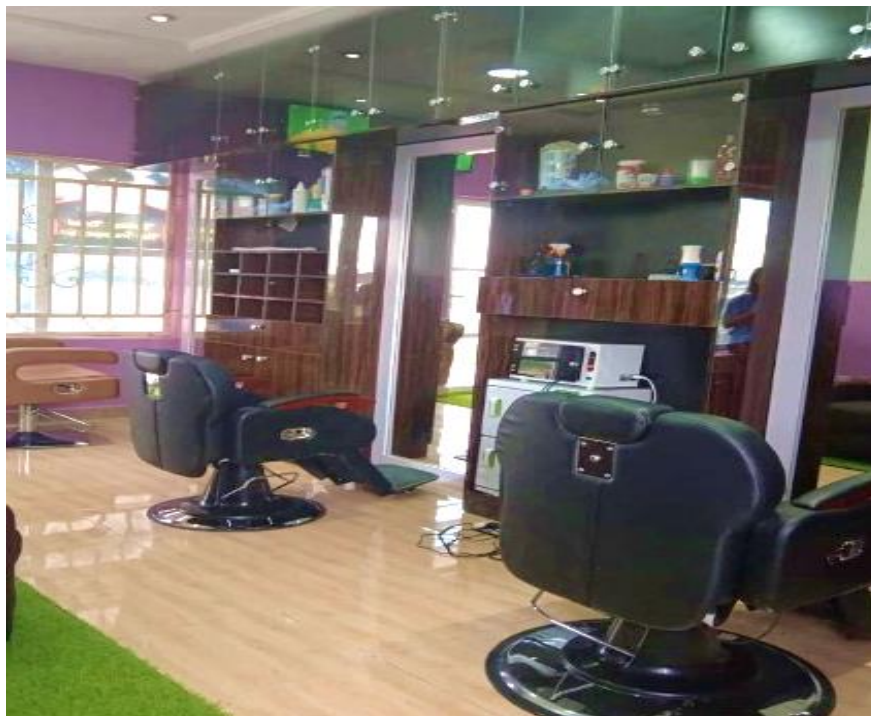

PRECISE DIAGNOSTICS: At first contact with a customer we do not assume, we properly diagnose the cause of the problem taking into consideration that mechanical problems are all together relative, hence we comb the entire vehicle system making sure to fix each problem from the root cause. We make use of state of the art equipment to diagnose vehicles making sure not to underrate even the simplest issues giving our customers a hitch free vehicle experience.

CUSTOMER LIASON: In the course of our vehicle repair service we make sure to communicate effectively with the customer, giving them a step by step status update of the situation of their vehicle repair, this helps us handle issues more effective taking advantage of the customers rich knowledge of the vehicles mechanical history.

Our People Cont'd

Passion first: To face every day challenges, knowledge and expertise are essential, but not enough if you are not driven by passion. This passion is what we share in our team, and what keeps us striving for excellence in everything we do.

Training Program: To deliver excellent services and design innovative products, our team skills and competences are of crucial importance. We pursue a continuous training program both internally by sharing technical knowledge and organizing specific training sessions, and also externally through different certification programs. We also sponsor several Auto training programs for our employees, as we truly want the best preparation for our team, by turning them into first-class service experts for our customers.

Proactive Teamwork: One of the keys to Vonos Automotive Engineering's success is our ability to work together as a team, and support each other in finding the best solutions for different jobs. Sharing know-how and experience enables us to perform our jobs and services brilliantly, adding value to clients.

VONOS!... solving problems from the root cause.

Our People Cont'd

Employee Empowerment: We don't think of empowerment only as a business strategy to improve efficiency, but as a natural way to develop a sense of ownership and responsibility among our team. We want our employees to openly share suggestions about their work and the company as a whole. We want them to feel part of the company, as they are the ambassadors of our organization.

Career Planning. Individual career planning is regarded as of utmost importance in order to motivate personnel and plan operational expertise. As such a robust career matrix regarding each individual staff member is in place.

Delivering Excellence Through Our People: We value our Team when selecting our new employees, we seek passionate and talented people, with excellent track records and soft skills. Essentially, we look for people who are creative, constructive and ready to experiment new things. Our team is characterized by three levels of experience: Senior, Experienced and Junior Engineers.

VONOS!... solving problems from the root cause.

RESTORATION AND UPGRADES

Unveil the true potential of your vehicle through our exceptional restoration and upgrade services. With meticulous craftsmanship and attention to detail, we breathe new life into classic and modern vehicles alike. Our expert team combines artistry with advanced techniques, ensuring every restoration project is a masterpiece. Whether it's restoring a vintage gem or elevating your vehicle's performance, we specialize in turning dreams into reality. Experience the thrill of driving a perfectly restored or upgraded vehicle that stands as a testament to our dedication and passion.

🚗 **Our Parts/Products Store:** We source our Genuine Auto Parts from top Original Equipment Manufacturers as well as Vehicle Manufacturers and Aftermarket suppliers. It is our aim to source the best possible products in a particular quality brand at the best possible price, so that we can remain competitively priced at all times. This policy means that we do not sell just one brand of a particular component but you can be sure that the product we supply has been carefully chosen to match the technical requirements of your vehicle. Supplying top-quality products to our customers requires excellent engineering and design processes, together with outstanding manufacturing quality. Our parts manufacturers use the latest revisions of high-end 3D production development environments and the latest manufacturing technologies for highest precision and lowest tolerance and the product is properly curated parts adapted for the Nigerian roads and weather condition.
